SCHEMING TO ADJOURN.

A Rigid Anti-Lobby Measure Reported in the House—Yeater Defeats Further Delay.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 17.—The question of adjourning sine die, which is now being discussed in both houses, cannot be settled conclusively until next week. Speaker Russell and other republicans have been caucusing today trying to arrange a plan for passing the election bill and adjourning sine die without passing a fellow-servant bill.

Louis Baugarten, the Frisco engineer, who was here sometime ago as the guest of Russell, and who put in some time lobbying against a fellow-servant bill, is here again conferring mysteriously with Phelps and Flannigan.

The anti fellow-servant contingent in the senate would have secured another delay until Tuesday if it had not been for Senator Yeater. As soon as the senate met Senator Lyman moved that the fellow-servant bill be made a special order for Tuesday. At once Senator Yeater denounced the motion as an attempt to defeat any fellow-servant legislation again and charged that Senator Lyman was opposed to any fellow-servant bill. He made the fight so hot that Lyman withdrew the motion. Then the argument proceeded on the Peers bill. Williams and Scaber spoke this morning. Senator Yeater will speak this afternoon.

After the Lobby. Chairman Davis, of the house committee on criminal jurisprudence, reported today a substitute for all pending bills to regulate the lobby. The committee substitute is a rigid measure. It defines lobbying as argument, request, solicitation or importunity, and prohibits either within the walls of the capitol by any person or corporation, and imposes punishment of seven years in the penitentiary or by fines ranging from \$1,000 to \$10,000. No persons may appear before any committee without being requested by the committee. Fines are to be imposed upon corporations for employing lobbyists.

Proceedings in the House. The house met at 11 o'clock this morning. Mr. Jones, of Hickory, presented a resolution calling on the governor to send in a supplemental message authorizing a law that would prevent the incarceration of women and fallen girls in the house of Good Shepherd in St. Louis. Mr. Tyler, of St. Louis, characterized the resolution as an insult to the intelligence of the legislature and moved that it be laid on the table. The anti-A. P. A. element at once adopted the suggestion and Jones was not even allowed to speak.

Petitions for a fellow-servant bill were presented by Julian. Mr. Tubbs, of Osage, who has been thinking, introduced a bill to prevent lobbying by officers of chartered state institutions. The committee on criminal jurisprudence reported unfavorably Julian's bill to tax railroad franchises.

No Supplemental Message.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 17.—Gov. Stone has abandoned, it is said, any idea of sending a supplemental message to the general assembly on the school text book commission. He is now determined to force the two houses to go on record on the subjects now before them and will not enlarge their powers.

Skipped with Diamonds.

Special to the DEMOCRAT.

KANSAS CITY, Mo., May 17.—Herman Konrad, a young man of fine connections in Oshkosh, Wis., who has been employed by Jeweler Harsh since January, skipped out Tuesday night, taking between three and four thousand dollars' worth of diamond rings, unset diamonds and other jewels. No clue. Harsh

failed recently and Konrad was made custodian of the stock by the Metropolitan national bank, which held a first mortgage. Monday he looked over Cashier Streans' shoulder while he opened the safe, and thereby secured the combination which he used Tuesday during daylight.

Undertakers in Session.

Special to the DEMOCRAT.

KANSAS CITY, Mo., May 17.—The Missouri Undertakers' association elected officers this morning as follows: J. C. Herms, of Neosho, president; M. H. Alexander, of St. Louis, vice president; C. W. Nute, of Maitland, treasurer; White Humphrey, of Lamar, secretary. Alexander was named as one of the delegates to the national convention in Atlanta in October.

A handsome diamond will be sent to Senator Goodykoontz for his good work in behalf of the embalmers' bill.

SEEKS A DECISION.

The Pettis County Investment Company Case.

A FAVORABLE OPINION.

Judge Thomas, of the Postal Department, Has Made a Report—No Decision Announced Yet.

A special from Washington City to the Kansas City Journal, has the following in regard to the case of the Pettis County Investment company that is seeking to establish its right to use the mails of the country: "Assistant Attorney General Thomas, of the postoffice department, sent to the postmaster general today his opinion in relation to the order withholding from the mails matter belonging to the Pettis County Loan and Investment company. The postmaster general said today that there would be no decision for a few days owing to the lack of time in which to consider the case. In addition to Judge Thomas' opinion, he had been presented with a brief by Attorney Walter, of Moberly, Mo., and a statement by J. W. Corkins, of Sedalia, secretary of the company, and also one from Representative Hall, who has taken an active part in the matter for the company.

The impression prevails that Judge Thomas in his opinion takes the position that the printed matter of the company should not be kept out of the mails, but it is not so certain that Mr. Wilson will concur in that view. Those interested in the company are not only anxious to again be placed within the reach of business, but some of the members have been indicted in the United States court for the Western district of Missouri. Should the company be allowed the privilege of the mails, the opinion would be followed by instructions to dismiss the cases against the officials of the company." The officers of the company have been anxious to secure a trial upon the cases referred to, or for any other proceeding that would result in a judicial opinion as to the legality of the company's plan of doing business.

Pope Higgins' Library.

The library and other personal goods of Pope Higgins, the attorney, who disappeared a few months ago, will be sold at constable's sale next Monday at the office of Hon. Geo. F. Longan. Nothing has ever been heard of Higgins since he left Sedalia.

MR. VEST COMING HOME.

He Will Spend His Summer Vacation on His Farm.

WASHINGTON, D. C., May 17.—Senator Vest expects to leave next week for his home in Missouri, where he will seek seclusion during the summer and fall from politics. Senator Vest said today he did not intend to take any part in any campaign this summer and next fall. There will be no political fight in Missouri, and he has made up his mind not to speak in any other state. The senator will spend his vacation on his farm.

Death of Miss Mary Donahue. Mary, the 16-year-old daughter of Mr. and Mrs. Mike Donahue, died last night at the family residence, two and one-half miles southwest of the city, of consumption.

The deceased was a step-sister of Pat Donahue, of the Missouri Pacific shops, and C. M. and M. J. Donahue, well known in and around Sedalia.

The funeral will take place from St. Vincent De Paul Catholic church at 10 a. m. tomorrow, Rev. Father J. T. D. Murphy officiating.

A wagon load of groceries, among which was a number of hams, was seen leaving the store of W. J. Letts, and he says that hams are moving out very fast. He sells Armour's, Fowler's, Morrell's and Stilwell's hams. Don't forget the place, corner Fifth and Engineer streets.

MIKE IS READY.

Will Box Goetz 10 Rounds, at 165 Pounds, for \$100.

Mike Schmidt, of this city, is anxious for a "go" with W. E. Goetz, of Jefferson City, for \$50 with gloves, provided he does not have to scale below 175 pounds. If Mr. Goetz desires any of it let him drop a line to the DEMOCRAT.—SEDALIA DEMOCRAT.

Mr. Goetz was seen last night. He is willing to meet Schmidt, provided the latter will agree to make the purse \$100 and train down to 165 pounds. This is conceding a good deal on the part of Goetz, for he is giving Schmidt fifteen pounds the advantage. Goetz is clever and game, and although in the light middle-weight class, he is liable to give any heavy-weight a good stiff argument with the gloves.—Jefferson City Tribune.

Mr. Schmidt was shown the Tribune's article this afternoon and said:

"I would like to meet Goetz at 175 pounds, but rather than not have a 'go' with him I will reduce my weight to 165 pounds and meet him in a ten-round contest, at Forest park here, for \$100.

"Let him post his forfeit and I will cover it. We can then agree on a referee, and it won't take long to decide which of us is the handiest with the gloves."

After the transaction of minor routine business, the meeting adjourned.

The ex-Confederate veterans of Moberly met last night and organized a camp, elected two delegates to the Houston (Texas) reunion and a complete set of officers. The upper house of the Prussian diet has declared, by a vote of 72 to 38, in favor of bimetalism.

St. Louis has at least three newspapers each of which "has a larger circulation than any other newspaper published in St. Louis."

The board of trade and the financial institutions of Sedalia have endorsed the bonds of the Commonwealth Land and Development company as a safe and profitable investment. That endorsement is good wherever Sedalia is known.

Under the recent decision of the postoffice inspector the letter carriers are stopped from distributing the mail and the work is put upon one clerk. The result is delay that is irksome to everybody and annoying to those who expect prompt service.

The McKinley tariff bill and the Sherman silver purchase law were too of the most pernicious measures that ever passed a legislative body. They came near prostrating every industry in the country and filled the land with tramps. Since their repeal conditions are daily improving.

The Bland-Allison bill and the Sherman bill both undertook to make money out of silver, and at the same time discredit it. Both failed. No metal can be made into redemption money unless it is given absolutely free access to the mints so that a given quantity of it is worth its coinage value. Any other procedure will make a depreciated dollar.

The report comes from Washington that the United States supreme court has decided to declare the income tax law unconstitutional. Thus the people will understand that a tax upon a poor man's necessities is right and proper, in the eyes of the court, but to ask a rich man to help support the government that protects his property is wrong.

Any discrimination between silver and gold discredits the one metal or the other. If both are money metals they must be treated alike. If either is not a money metal it should not be coined. Politicians and newspapers must toe the mark and say whether they are for the free coinage of silver at the old ratio or not. It is no time for "buts" or exceptions.

SENATOR PEERS has urged a general fellow-servant bill, which the laboring men are not asking for, in antagonism of a railroad fellow-servant measure which has the support of laboring men in all branches of business. Because he is criticized for his course he proposes to resign from the senate. The only regret will be that he did not step down and out before he defeated the wishes of thousands of the hard-working people of the state.

The fast mail reaches Sedalia at 7:50 a. m. At 9:40 a. m. the St. Louis papers had not been distributed, and numerous sacks of mail had accumulated in the office. If the clerical force is reduced and the quantity of mail matter continues to increase, it is only a question of time when a serious blockade occurs and business men will be greatly inconvenienced. This is a matter that should receive the attention of the board of trade and the business men generally, and some steps should be taken to prevent the reduction in clerical force.

The Springfield Leader pays this deserved compliment to Sedalia: "Reports from Sedalia indicate that the people of that city are getting

active in their efforts to have the capital removed from Jefferson City. Monday at a meeting of the Sedalia board of trade resolutions were passed indorsing and recommending the bond issue of the Commonwealth Land and Development company, assuring investors that the securities had been fully investigated by a committee from the board and that this committee had found that the security was ample to cover the investment. Sedalia has struck the proper gait. The way to get a thing is go after it."

The firm grip of the railroad lobby upon the house of representatives is demonstrated by the refusal of that body to even consider a fellow-servant bill until after the senate had passed upon the measure. In the regular session the house delayed action until it was too late for the measure to be pushed through the senate. The laboring man who has watched the action of the general assembly on this measure will have far more respect for those who openly and boldly opposed it than for the weaklings who pretended to be friendly to the bill and then killed it secretly and by stealth.

The Sedalia business men should lose no opportunity to aid and encourage those enterprises which furnish employment for labor and thus tend to directly increase the trade of the city by adding to the number who earn money and who must buy the necessities of life. It is upon such enterprises that the future of Sedalia depends. If we are to have 50,000 population there must be something for the people to do. If men are to buy from the stores and shops there must be some way in which they can earn money. So, first and foremost, we must encourage men who have money to come here and invest it in enterprises that will furnish employment for laboring people.

If the democratic state committee is really desirous of promoting party harmony about the best way to do it is to call a council of democrats to declare the policy of the party and to take steps to perfect the organization in every county in the state. In this way alone can the committee command the confidence of the masses of the party. The DEMOCRAT does not believe that there is any doubt as to the position of the party on any question. The vote in the last state convention was positive and overwhelming, and the issue is by no means a new one. The members of the committee, being servants of the party, would do well to acquiesce in what has come to be a public demand.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden drug store and procured a bottle of it. It gave Mr. Carter prompt relief, and I can vouch for its having cured me."

ANSWERED A PERSONAL.

Out \$1,200 and the Wedding Did Not Take Place.

A "personal" advertisement in a newspaper—a confidential reply—an engagement—a faithless lover—a weeping maiden—\$1,200 in cash gone.

Such, with the accompanying details, was the panoramic view of life in a large city presented to Capt. Mathew Keiley, of the Fourth police district, by Mrs. Rosa Vogel and her daughter, of 2628 McNair avenue, says today's Globe-Democrat. The commencement of it all was very unusual and romantic; the end was what might have been expected.

About four months ago a young man, who is known to fame as Fred Geiger, drifted into the city, and placed an advertisement in the daily papers, expressing the loneliness of his condition and his desire to meet a refined young lady. "Object, matrimony."

This advertisement came under the notice of Miss Vogel, and she answered it, "just for fun, you know." A meeting followed, and then more meetings, with the result that the couple became engaged. Geiger is about 32 years of age. Miss Vogel is about ten years his junior. May 4 was the date set for the wedding, and, like all young ladies, Miss Vogel set great store by it.

On May 2 her young man told her that he had been appointed agent for an ice machine manufacturing company, of Cincinnati, and that he was going to Fort Worth, Tex., to place one of the machines in a brewery. He detailed his plan and set forth the fact that his expenses, an indemnity bond to the company and other matters would amount to \$1,200. Could she and would she advance that amount?

"I own twenty shares, each worth \$100, in the Fort Worth brewery," said Geiger, "and I will give you as security a mortgage on these shares."

Would that be satisfactory? Of course it would. So the bargain was made, the money was advanced, and the newly-fledged agent started for the Lone Star state, promising to return in time for the wedding. The feast was prepared, but no bridegroom appeared. Mrs. Vogel's brain commenced to revolve. Miss Vogel likewise commenced to ponder. Had they been deceived? Mrs. Vogel concluded to telegraph to Fort Worth, and did so. She could not learn that Fred Geiger was known in Fort Worth, or that he owned twenty shares in the brewery.

In the meantime Mrs. Vogel received a postal card from her prospective but truant son-in-law, dated at Cincinnati, but postmarked at St. Louis, stating that he had been called unexpectedly to Cincinnati after leaving her; that he had met the manager, and that they would leave at once for Texas. He said nothing about the wedding, and expressed no regret at having disappointed her.

The Fayette High School.

The fifth annual commencement of the Fayette High School was observed with exercises by the graduating class, interspersed with vocal and instrumental music by local talent, at the opera house last evening.

The stage was beautifully decorated with flowers. Only two orations and two essays were delivered. The graduates, thirteen in number, were: Misses Annie Thornhill, valedictorian; Edna Meyer, Nannie Lou Wright and Abbie Boggs; and Messrs. Corbin Furr, John Feland, John Tolson, Jr., Ritchie Mitchell, Joe Memmel, Clay Burnham and Elmo Miller. Rev. Dr. Dinwiddie, of Booneville, delivered the address before the graduating class.

Few Know About the Shakers of Mount Lebanon

We may not accept their peculiar religious views. We cannot enter into the spirit of their sacrifices, and therefore we do not study their habits of life.

It is not necessary to believe as they do, but we can and do respect their sincerity of purpose and the honor and uprightness which mark all their business dealings.

In one particular the Shakers excel all other men or classes of men. This is in the cultivation of medicinal herbs and plants. They have made it a study for more than one hundred years. They are also expert in extracting from their characteristic essences and medicinal virtues.

This is their peculiar industry. Their lives have been devoted to it. By it they are supported. They excel in this branch as do the monks of the order of St. Benedict with their famous liqueur called "Benedictine."

Now, this lifelong study on the part of the Shakers has not been in vain. They have accomplished much good. Their medicinal extracts and cordials are known throughout the world. The Shaker Digestive Cordial is probably the most useful medicine ever given to the public. It is not a cure for all diseases; it doesn't pretend to be; but one disease it will cure, and that is indigestion. It is not pretended that it will cure anything else, and a sufferer has not long to wait to see the result. The effect is immediate. Almost the first dose will give relief, and, if continued, a permanent cure will follow. The Shaker motto is: "Give all things and hold fast to that which is good." For this reason the Shakers put into the hands of the retail druggists who sell their remedy small trial bottles, which can be had for ten cents each, so that for this small sum the reader can ascertain whether it is adapted to his case. For sale by Mertz & Hale.

Some Meat That Has Not Advanced.

Notwithstanding the fact that all classes of fat stock have advanced out of sight of all expectation, the Newton Meat Co. wish to call the attention of the public generally that they have not advanced the price on their prime Sunday roast beef, and they are selling more of those fine roasts than ever, for they are something that is hard to get elsewhere. For this reason we have the largest amount of cold storage by one-half than any two other markets in Sedalia, and we cut our prime roasts off several days before they are offered for sale and put them away in our mammoth refrigerators and when they come out and are sent out to our customers they never fail to give the very best satisfaction. This is something that cannot be had elsewhere in Sedalia.

In fact all of our meats are held in our cold storage vaults for several days before they are offered for sale. This is why they give much better satisfaction than you get elsewhere.

We notice one fact which will give an idea of what estimation is placed upon our meats. Whenever any family is expecting company and want something extra and prime they always call on Newtons to furnish the meats. Why is this? You all know.

Come in. You will always receive the best of treatment and the choicest meats. Telephone 120.

High School Commencement Exercises Last Night.

A SPLENDID PROGRAMME.

Floral Tributes Without End—The Opera House Packed—Presentation of Diplomas.

Packed to the doors was the situation at the opera house last night, on the occasion of the commencement exercises of the High school graduating class, numbering twenty-two young ladies and eight young gentlemen.

The house was handsomely decorated with the class colors, while along the footlights were floral tributes sufficiently numerous to cover the stage, and which kept busy for a time four little flower girls dressed in white.

The members of the graduating class were John Slagle, valedictorian; Anna G. Leaming, salutatorian; Daisy McGowan, third honors; Rose Anderson, Johnson Bailey, Verna Blythe, Nellie Donnelly, Mary Dunlap, Hazel Easton, Daisy Fowler, Pearl Gatlin, Holmes Hall, Brown Harris, Helen Hauptley, Alice Hunnicke, Florence Lamm, Fletcher Walmsley, Sadie McGowan, Geo. Miller, Lydia Montgomery, Walter Moore, Effie Norton, Lettie Pearson, Minnie Routt, Leila Smith, Lillie Snell, Frank Starr, Anna Willis, Clara Wilson and Ida Woodward.

The evening's exercises opened with an invocation by Rev. J. S. Myers, pastor of the Christian church, which was followed by the singing of a selection from the cantata of "The Daughters of Jarius" by the class, at the conclusion of which the following programme was carried out most admirably:

Salutatory Essay—The Armor of the 19th Century Knight, Arnie Grover Leaming.
 Essay—"Stratification," Sara Gertrude McGowan.
 Oration—"Our State," Frank A. Starr.
 Music—"Fairlyland Waltz," G. A. Vezzie.
 Essay—"The Scholar in Politics," Hazel Kirke Easton.
 Essay—"Science is King," Laura Taylor McGowan.
 Essay—"The Woman of Today," Minnie Mae Routt.
 Music—"Vocal Solo—'Fiddle and I,'" J. B. Harris.
 Oration—"The Habit of Exaggeration," George H. Miller.
 Essay—"Close of the Century," Mary Lavina Dunlap.
 Essay—"Hidden Treasures," Daisy L. Fowler.
 Music—"I Love My Love," Allen.
 Essay—"The Song of the Triton," Molly, Semi-Chorus.
 Essay—"The Ability to Take a Hint," Clara Belle Wilson.
 Essay—"The World's Debt to Astronomy," Ida Hannah Woodward.
 Essay—"Training Demanded for Modern Life," Helen Lillian Hauptley.
 Music—"Bridal Chorus," F. H. Cowan's Cantata, Chorus.
 Essay—"The Rose Maiden," Lydia Duncan Montgomery.
 Valedictory—Oration—"Our Country's Future," John S. Slagle.

At the close of Mr. Slagle's address, Prof. J. D. Wilson, principal of the High school, in a feeling manner, formally turned the class over to Superintendent Buchanan, who congratulated them on their achievements, at the same time expressing regret at parting with them. They were then introduced to Dr. Ira T. Bronson, president of the school board, who addressed them briefly, and closed by presenting to each a certificate of graduation.

"Song of the Sea" was then sung by the class, after which Rev. C. C. Russell, pastor of the Cumberland Presbyterian church, pronounced the benediction, and the commencement exercises of '95 had passed into history.

Chas. Amick's Good Luck. It will be remembered by many that the pony team given by the St. Louis Clothing Co., about eighteen months ago, was won by Master Chas. Amick, of 318 Engineer street, and thereby hangs a tale.

On Wednesday night last an addition was made to the pony family in the shape of a fine colt. Charlie says that he will now go on the turf and become a full fledged horse jockey. He expects to enter the colt in '99 for the Kentucky derby or the Chicago futurity, and he is satisfied that the youngster will be a winner.

The Indians Defeated.

The Future Capitals defeated the Ponca Indian ball club at Association park yesterday afternoon, 20 to 8. There were 400 or 500 per-

sons present to witness the game, and the playing of the dusky sons of the forest was watched with interest. Of course they do not play ball in the same class with the Future Capitals, but with such clubs as Jefferson City, Hannibal and Independence, the Poncas would win as many games as they would lose. The general verdict was that "Roxy" was by far the handsomest brave on the grounds.

SCARED HER HUSBAND.

A Reported Attempt at Suicide That Was Only a Bluff.

Mrs. Geo. W. Bradley, formerly Miss Belle Hayes, who ran away from Washington, Iowa, some three months ago and came to Sedalia, where she was married to Bradley after both had spent a short season in jail, swallowed a small quantity of aniline at noon yesterday, with the alleged intent of suicide, but an emetic administered by Dr. Dresel caused her to part company with the drug in short order.

Mr. and Mrs. Bradley have rooms on West Second street. For a couple of weeks past the latter has not had a letter from her mother, and hence became despondent. She was anxious to make a visit home, but Mr. Bradley objected, on the ground that her relatives ought to come and visit her before she made a visit to them.

Then the aniline dodge was resorted to, in the hope that Bradley, who is employed as a painter at Keisling's carriage factory, would relent and permit her to make the desired visit.

Anyone who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionary establishment. Some months ago, on leaving the heated work room to run across the street on an errand he was caught in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle in the house.

RAILROAD RUMBLE.

An Engineer Finds a Brother Asleep on the Track.

A JUDGMENT FOR \$12,500.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

Just as Engineer Harry Flynn, of the Philadelphia and Reading railroad, was rounding a sharp curve at Barnesville, Pa., last night, the bridge rays of the engine's headlight revealed, only about 100 feet ahead, a man asleep on the rail.

The sight almost drove the engineer mad, for he was almost certain that the fellow who calmly awaited death was his brother, who rode up the line with him early in the day to transact some business and had promised to meet him on the return trip.

It was on down grade and the train was gaining speed at every rail's length. There was but a moment to think and act. The engineer leaped to the pilot and, grasping a firm hold on the engine, he leaned forward and, extending his feet, kicked the sleeping man and sent him rolling from the rails. As the engineer surmised, the man was his brother.

Widow Awarded \$12,500.
Mrs. Henry Poppenburg, of Rahway, N. J., yesterday received a verdict in her favor for \$12,500 for the death of her husband in February, 1892.

Mr. Poppenburg was walking alongside the Pennsylvania railroad track, when a mail agent aboard the limited mail threw off three pouches, which struck Poppenburg. When picked up he was unconscious, and died before he reached home. The case was tried before Judge Van Syckle, of the county court.

Money for the Right-of-Way.
Yesterday the citizens of Holden raised \$7,500 and tendered it to President Rouse, of the Missouri, Kansas and Texas railway in payment for the right-of-way into Holden for the Green Ridge cut-off. In order that the line may get up to the large elevators there, it has to run through the center of the town and the money tendered will nearly pay for the right-of-way inside the city limits.

Will Help Sedalia.
Traveling Passenger Agent A. C. Miner, of the M., K. & T., who came home from Fulton last night, has been advised that commencing on the 19th a one-fare rate for the round trip will be given by the company to Sedalia from all points between Moberly and Nevada, inclusive. This ought to bring a number of visitors to Sedalia every Sabbath.

Coach, Cab and Caboose.
Harry Moore, the popular south end postal clerk, has a fine boy at his home.

M. Sweeney, master of transportation for the M., K. & T., is spending the day here and will return to Parsons tonight.

The long-talked-of fast train on the M., K. & T. will be put on this month, it is said by the Parsons Eclipse, though the exact time has not yet been determined.

It is said that the time is not far distant when the M., K. & T. officials will make arrangements for double tracking the road through the Indian Territory.

Secret Service Officer Frank Barnett is here from Osawatimie, Kas., he having been summoned on account of the illness of his father, whose condition is somewhat improved today.

Tom Gentry, an old Sedalia boy, but for the last three years an engineer on the Texas and Pacific, with headquarters at Baird, Texas,
